## ENDORSEMENT OF A LEAGUE FAILURE

Efforts of Democratic Senators to  
Put Stamp of Approval on  
Peace Covenant Lost

### RESOLUTION IS PUT TO SLEEP

Senate Votes to Consider Only  
Measures Which Are Recom-  
mended by Committees

(By United Press.)

Indianapolis, Ind., Mar. 8.—Efforts by democratic senators to have a resolution endorsing the league of nations constitution passed in the upper house of the legislature, failed today.

Senator Bracken introduced the resolution. Senator Metzger, republican, moved that it be referred to the committee on federal relations. Efforts by the democrats to procure immediate action failed and Metzger's motion was adopted by a vote of 30 to 15 on party lines.

A motion introduced by Senator Ratts endorsing the resolution passed by congress, declaring freedom for Ireland, was referred to the same committee.

Action by the senate during the remaining hours of the legislative session was still further restricted when a motion by Senator Kiper allowing consideration of only those bills recommended for passage was adopted.

Senator McKinley announced that an extra bill of which nothing was known, was slipped into one of the reports last night. He did not disclose what bill this was but warned that such tactics should be watched closely.

The senate conferred on the houses amendments to the Duncan bill putting the oil inspection department under the direction of the food and drug commission. The senate took up consideration of one of the appropriation bills shortly before noon.

Indianapolis, Ind., March 8.—The final concentrated drive for legislative enactments was under way in both the house and senate today when it was brought to bear upon the minds of the members of the general assembly that Monday midnight sounds the death knell of the present session of the legislature for another two years.

Administration measures have fared better than was expected by many republicans, both of the upper and lower branches, as but very few

## WAR DEPARTMENT TO HOLD ARMY OF 509,000

Chief of Staff March Says it Will  
Not be Reduced Until Congress  
Passes New Law.

### 345,000 MEN LAND IN STATES

(By United Press.)

Washington, Mar. 8.—The war department will hold an army of 509,000 until congress provides otherwise, Chief of Staff March announced today.

This army will not be reduced under any circumstances, March stated, until congress passes a law outlining the permanent military organization. He declared that the United States could not get along with a smaller army.

Demobilization facts given by General March showed 354,000 men had landed in the United States. The number ordered demobilized is now 1,613,000.

The total American battling casualties during the war were 240,190, March announced. Americans took part in action against the enemy in France number 1,300,000.

## IT SHOULD BE OSTRACIZED

Bolshevik Government Not Worth  
of Recognition, Francis Says.

(By United Press.)

Washington, Mar. 8.—The Bolshevik government should be completely ostracized by the rest of the world, David R. Francis, American ambassador to Russia told the senate investigating committee today.

"They do not merit recognition, and other governments should not even have business relations with them," said Francis. "They are killing off everybody that is educated. They have starved the country. They hold women as hostages to compel them to serve in the Bolshevik army."

## BRING JUSTICE ON THEIR HEADS QUICKLY

Vernie J. Pitcher is Sent to State  
Penal Farm For 90 Days and  
His Bride to Girls School

### SHE WAS UNDER A SENTENCE

The marriage of Miss Lois Kennedy, daughter of Mr. and Mrs. Bert Kennedy of East Connersville, formerly of Arlington, and Vernie J. Pitcher, also of East Connersville, here Thursday morning, brought down justice on their heads quickly for the day-old bride will be sent to the state girl's school at Clermont, in accordance with a sentence given by Judge Raymond Springer in the Fayette juvenile court Wednesday afternoon, and the bridegroom yesterday was sentenced to serve ninety days in the state penal farm and fined \$50 and costs, by Judge Springer, for contributing to the delinquency of a minor.

It develops that the couple came over here to get married for the purpose of escaping the sentence of the juvenile court, but that Pitcher, after the ceremony, returned to East Connersville, to get some personal effects, leaving his bride at a local rooming house. While back home, he was arrested by Sheriff James Szeple of Fayette county and a telephone message to Rushville resulted in the arrest of the girl. She gave her home as Arlington and misrepresented her age in order to get a marriage license.

## AMERICAN CLAIMS TOTAL 750 MILLION

According to Records of State De-  
partment, U. S. Will Demand  
This Sum in Reparation.

### MANY INDIVIDUAL CLAIMS

Washington, Mar. 8.—American claims for damages against Germany and Austria thus far total \$750,000,000, the state department announced today. Additional claims will increase this to some extent, it was stated.

The claims have been filed with the state department by American citizens and concerns. They cover the following: Deaths and injuries from submarine warfare; destruction and damages to American vessels from submarines; loss of American cargo in both American and foreign bottoms; loss of personal property; and destruction and requisition of American property by Germany and Austria-Hungary in enemy territory and territory occupied by enemy forces, and invaded territory total about \$300,000,000.

American claims, of which there are thousands, will be submitted in a formal statement for reparation by Germany and Austria-Hungary. State department's statistics show that American citizens at the outbreak of war had \$300,000,000 worth of property in enemy countries.

## RUSHVILLE LOSES DISTRICT TOURNEY

Is Defeated in Final Game by  
Franklin Saturday Night by  
Score of 3 to 18.

### WINS SEMI-FINAL 28 TO 18

Milroy Loses Out in Semi-Finals  
at Richmond, Being Defeated by  
Liberty, 18 to 16.

Rushville lost district basketball honors by being defeated by Franklin high school Saturday night in the tournament at Franklin by the score 30 to 18 after having worked her way to the final by winning from Union township, Johnson county, 28 to 18 in the afternoon.

Milroy lost out in the semi-finals at the Richmond district tournament, being defeated in the three o'clock game Saturday afternoon by Liberty, 18 to 16. Richmond won the tournament, defeating Liberty, 26 to 4.

There is little doubt this afternoon but that Rushville would play Franklin in the final game of the district basketball tournament at Franklin tonight, with Shelbyville eliminated this morning and the Union township, Johnson county, five to beat this afternoon at three o'clock.

Milroy was still in the district tournament this afternoon at two o'clock when she was to meet Liberty, one of the strongest teams at Richmond. If Milroy by any chance should beat Liberty, she would be certain to play in the final tonight, with Richmond as her probable opponent.

Manilla, which loomed up yesterday as a "dark horse" in the Franklin tournament, was knocked off last night by Franklin by the score of 32 to 9. Rushville stayed in the tournament by defeating Nineveh, 25 to 12, yesterday afternoon, and Boggs town this morning at ten o'clock, 22 to 13.

The big surprise of the Franklin tournament was the defeat of Shelbyville this morning in the 9 o'clock game by Union township, Johnson county, a little hamlet below Franklin with about three houses and a church. The score was 17 to 16. Winkler, Shelbyville's star forward, did not go in until the last four minutes.

## DISCHARGED SOLDIER IS GRANTED DIVORCE

R. A. Taylor of Carthage Testifies  
Wife Ran Away With Another  
Man While He Was in Service

Robert A. Taylor, a discharged soldier, who formerly lived at Carthage, was granted a divorce upon payment of costs by Judge Sparks in the circuit court, this morning, from his wife, Mamie Brenton Taylor, who failed to appear. Taylor testified that his wife ran away with another man while he was in the service and read a statement from a police officer in Michigan, saying his wife was living there with another man.

The case of Fannie H. Nevin against Clair Maple for possession of real estate, a finding and judgment for the plaintiff was returned by Judge Sparks and the costs were assessed against the defendant, who was ordered to give possession in ten days. Another case, related to this one, that of Ora E. Maple against the George C. Hulst estate and others, was decided for the defendant. It is understood the judgments were a compromise.

In juvenile court this morning, Judge Sparks withheld judgment in the cases of eight boys, pending their good behavior, who were implicated in the robbery of the Jesse Drake store.

## SENSATIONALISM CHARGE DEFENDED

Evangelist Miller Claims he Can  
Prove by Dictionary Right to  
Use Expressions.

### SAYS BIBLE IS SENSATIONAL

It Gives Unvarnished Uncom-  
promising Truth, According to Speak-  
er at M. E. Revival.

"Repent ye for the kingdom of God is at hand", is the plea that Evangelist Miller directed at the audience at the St. Paul's M. E. church last night when he preached on "The Dude Preacher and Some Sensationalism."

The crowd last evening showed that the attendance at the revival services is growing with each meeting. During the inspiring song service led by the chorus choir which preceded the sermon, the Rev. and Mrs. Black sang a beautiful duet, "Sweeter Every Day."

Evangelist Miller will preach at both the morning and evening services tomorrow. In the evening he will talk on, "Is God Just?" and although he has not announced his subject for the morning sermon he states that he has a message of unusual interest.

Last night the speaker, in his own powerful and original manner, dwelt with considerable force on the subject of repentance. He spoke very openly against the people, who had criticised him for the use of slang in his addresses and charged him with sensational preaching. He denied the charge, claiming that he could prove by the dictionary the right use of each one of his expressions and said his was "only a different way of expressing his thoughts. As for his sensationalism he referred them to the lives of Paul and others of the early preachers and apostles, as to their manner of preaching, which was of the most sensational kind.

He said in part: "These people who criticize are not as nice as they think they are. Shrewd men to get business from their competitors adopt sensational methods to fill their stores with buyers, yet no one cries sensationalism. An educator comes along and introduces a system whereby a student can accomplish in three months, what it took a year to accomplish before, yet nothing is said about radicalism or sensations.

"But because a man comes along and preaches the truth about religion, about heaven and hell, about repentance, then people begin to tear about and cry sensationalism. No matter how you get the truth, just so you get it. The Bible is sensational, it gives the unvarnished uncompromising truth. John the Baptist was the first dude preacher; he came in from the wilderness with scarcely enough clothes on to flag a handcar, and he preached the truth. People were shocked. King Herod came along and he was called an old adulterer and told if he did not repent he would be lost. The uncompromising thrust cost John the Baptist his head. But the truth was not stopped. Jesus came and preached the same gospel, and said it would last forever. He preached, 'Repent ye, for the kingdom of heaven is at hand.' The people prepared to kill him. The apostles suffered martyrdom.

"There is no quibbling with God. Continued on Page Three

## ORANGE FARMERS ORGANIZE

Elect Officers of Township Unit at  
Moscow Meeting

Farmers of Orange township organized their unit of the Rush County Farmers association last night in a meeting at Moscow. All townships have now been organized with the exception of Washington. Claude Miller was elected township committeeman to succeed Argos Wagoner, who is in poor health and can not attend to the duties of the office. Other committeemen selected were: soil fertility Elmer E. Hungerford; live stock, Ralph Gosnell; clubs, Solon Tevis; orchards, Hugh Archey and poultry, Frank Hewitt.

## INTERIOR DECORATING CONTRACT AWARDED

Hugh Range of Indianapolis Given  
Court House Job by Board—  
Crosby Co. Gets Other Work.

### ACTUAL DESIGNS PRESENTED

The county commissioners today awarded the contract for interior decorating, exterior painting and revarnishing of woodwork in the court house for the combined sum of \$6,835, to Hugh H. Range of Indianapolis and the Ed Crosby company of this city. This is \$1,165 under the estimate of \$8,000, which sum was appropriated by the county council for the work.

Range, who decorated the commissioners room for Red Cross workers last year, was awarded the interior decorating contract for \$5,845. The local concern for the exterior painting contract for \$265, and the woodwork contract for \$725. Meredith and Rodebaugh of this city submitted a bid of \$375 on the painting contract.

William G. Andrews Decorative Co., of Chicago bid \$5,287 on the interior decoration and Mitchell, Halbach & Co. of the same place, \$6,950. J. H. Shanbacher of Springfield, Ill., bid \$5,600. All but one of the bidders on the interior decorating presented designs of the corridors and rooms of the court house, showing the actual colors to be used. Range's contract calls for a picture of Lincoln, on a background of American flags, on the south wall of the second floor corridor, facing the stairway.

## INSTRUCTIONS ON PACKING RECORDS

Contradict Previous Orders And Will  
Cause Board to Change Arrange-  
ment of Registration Cards.

### EARLIER WORK TO DO OVER

Regulations governing the packing of the records of the selective draft were received by the county board today. They provide for some more changes in the arrangement of the records. For instance, the board must now arrange the original registration cards in exact dictionary, alphabetical order.

The board formerly had them that way, but several weeks ago in sequence of order numbers, which was done. Now the work must be undone. The duplicate registration cards have to be placed in age classes, according to the latest instructions, whereas they are now in alphabetical order.

The records all have to be shipped in boxes planed on both sides and protected on the inside with water-proof paper. The board has no idea when or where the records will be shipped. As soon as they are packed an erated, the board is instructed to wire the state conscription officer for instructions.

## LAND EXPECTED TO AVERAGE \$125

Farmers Believe Assessed Valuation  
Any Higher Than This Would  
be a Hardship

### \$250 SALES ARE EXCEPTIONS

Assessors Get Many Complaints Due  
to Increased Valuation—Sche-  
dule Here Not High

If Rush county farm land averages an assessed valuation of \$125 an acre, it will be as near the average conception of "true cash value" as can be reached, in the opinion of taxing officials and others who have expressed opinions on the matter.

Very little real estate has been assessed in Rush county so far, although the assessors have been at work for a week. They have been holding off until the legislature made it plain just what would be done about the state tax laws.

When the assessors met here last Saturday, the tax bill provisions were far from settled. At that time the lower house of the general assembly had amended the measure to provide for assessing both real estate and personal property at fifty percent of its cash value. Since that time, however, the senate has passed the bill, providing for assessing all classes of property, except intangibles, at their cash value, and there are indications that the house at least will leave this part of the bill unchanged when it acts on the measure again.

Because of this uncertainty, very few assessors have listed any real estate now, but they were expected today, to begin on this phase of the work at once, because it is a big task and they have only until the first of May to finish.

Although a few farms have been selling in Rush county at \$250 an acre and a much larger number have sold for \$200, it is declared that it would not be fair to the farmer to assess his farm at the figure which a farm, apparently of equal worth, brought at a recent sale. It is pointed out that certain elements have to be taken into consideration—that land does not ordinarily sell for \$250 an acre, and then only when the farm exactly suits the needs or whims of the buyer.

It is declared that very few farms in Rush county, if thrown on the open market, would bring \$250. The occasional sale of this sort is accomplished because the owner happens to find a buyer whom the farm suits. On the other hand, many farmers think that the great majority of the farms in the county would not sell for \$200 an acre, many of them coming in the \$150 class. It is stated that in the last few years no Rush county farm has sold for less than \$150 an acre, and in the last ten or twelve years one farmer said today, no farm in Rush county has sold for less than \$75 an acre, with the recollection of this farmer. That sale was an exception because the farm was more than a mile from any road.

Another thing must be taken into consideration in listing farms for taxation, it is asserted. It is the fact that real estate is assessed only every four years and that the valuation placed on farms now can not be reduced until 1923. Likewise, farmers point out that land values are inflated now on account of the general rise in prices during the war, and that farm values may decrease within four years. To assess land at actually what it brings now would be a hardship, for these reasons, farmers believe. But there is a class of farmers who believe that land will never go far below the figure it has now reached. Many also place much faith in the old saying that land is the last thing to

PERUNA A WONDERFUL MEDICINE

Rundown and Unable to Work

"I am pleased to recommend Peruna as it was beneficial in restoring my health when I was all run down from overwork and nervous worry and was unable to take up my regular work. A friend recommended Peruna and said he was sure that it would restore my strength. I soon found that I was getting better and in a little over two months I was able to resume my duties with renewed vigor and strength. It certainly is a wonderful medicine to vitalize the system."

RUSHVILLE WILL PLAY IN THE FINAL

Continued from Page One

utes of play, and did not get warmed up before the final whistle blew. Hopewell defeated Whiteland in the 8 o'clock game this morning by the score of 23 to 17 and by the victory earned the right to play Franklin at 2 o'clock this afternoon. Franklin was expected to win, as was Rushville when she met Union township at 3 o'clock. Rushville maintained a good lead over Boggs town in this morning's game, the score at the end of the half being 11 to 4.

One thousand, eight hundred people witnessed the basketball tourney at Franklin yesterday and as many if not more were expected today. Franklin, using three substitutes, easily defeated Southport, the score being 35 to 3. In the Shelbyville-Morris town, Shelby nosed out a 45 to 9 victory. The most hotly contested game of the day was between Hopewell and Edinburgh, the former winning by fourteen points. Hopewell is a strong contender for sectional honors. Rushville defeated Nineveh by a 25 to 12 score and they were to meet Boggs town this afternoon. Boggs town looked like an easy one for the locals and their next game was certain to be with Shelbyville at 4 o'clock this afternoon. The local fans had it doped out that history will not repeat itself at this game and were expecting the locals to defeat the Shelbyville team.

According to reports received the Richmond basketball team was easily the best team taking part in the tourney there. Milroy was considered the runner-up and surprised the

GENERAL STRIKE IN GERMANY SETTLED

Settlement is Reached Whereby Soviets Are Granted Constitutional Recognition

WORK TO BE RESUMED MONDAY

Despite Action of Strikers, Rioting Continues in Some Sections of Berlin Today

(By United Press.)

Berlin, March 8.—The general strike was called off by its leaders Friday afternoon and work will be resumed Monday.

A settlement was reached on the basis of a compromise with the German cabinet, whereby the Soviets were granted constitutional recognition.

Despite the action of the strikers, rioting was continued in some parts of the city. Friday afternoon the rebels were battling desperately in the northeast section of the city and were holding off a vastly superior government force. Streets were strewn with dead and wounded.

Berlin Mar. 8.—The Spartacans have determined to break off all negotiations with the government and settle the issue by fighting. This action was taken despite the fact that the government forces were extending their control of the city.

After a day of comparative success the revolutionists were again on the defensive.

The tide turned when government airplanes began dropping huge bombs on the roof of the royal palace, occupied by revolutionizing sailors. The building was demolished and scores of sailors were killed and wounded. The remainder surrendered shortly afterwards. The place where the chief Spartacan resistance was centered was taken by government troops.

More than one hundred revolutionists were captured here. The general strike is gaining, however.

ans by defeating the Brookville quintet yesterday. This game was played on the defensive by Milroy, who won with a 30 to 24 score. This was the only overtime game during yesterday's playing. Milroy was to meet Fountain City in the next game and it was expected that it would be a close game as Thomas, their opponent's crack center, suffered a sprained ankle in the game with Stony Creek and could not play today. Liberty defeated Ridgeville at Richmond and Richmond put Hagerstown out of the running by the score of 34 to 10.

In last night's playing—Manilla was defeated by the Franklin quintet with the score of 32 to 9 and Boggs town won from Arlington in a 19 to 10 game. The game between the locals and Shelbyville this afternoon was expected to be the closest and most exciting of the games held during the Franklin tourney. The locals were out for revenge. Hopewell, Franklin, Shelbyville and the local quintet are all strong contenders for the honors and it is difficult to tell which of the four team will be the victor.

### LAST GAME IN K. OF P. BOWLING LEAGUE TUESDAY

The Knights won two of three games bowled in the Knights of Pythias bowling league at the local bowling alley last night. The Knights bowled a total of 2184 pins to 2224 bowled by the Esquires. The last game of this league will be bowled between the Esquires and Chancellors next Tuesday night. Finley's trio, consisting of Conde, Sparks and Cross, challenge any three players in Rush county to meet them. Wolcott was high last night with 510 and Cassady was next with 486.

The summary is as follows:

### Amusements

#### Wm. S. Hart at Mystic.

"The Lion of the Hills," Wm. S. Hart's most fitting vehicle, a virile drama of the great west, will be shown at the Mystic theatre tonight. The supporting cast is composed of such renowned stars as Clara Williams, Louise Glaum, Rhea Mitchell and Enid Markey, each player portraying her most befitting role, thus raising the interpretation of the drama to the highest degree.

Hart, as a rough and ready westerner, Cal Stewart, is seen as living in the East, but soon tires of this unnatural environment and journeys back to the great west, the land he knows and loves. Here he wins a large purse in the Rodeo contest, with which he buys a gambling and dance hall called the Pleasure Palace, from an old man, who afterwards dies. The old man's granddaughter comes from the east in accordance with a letter written by him and is welcomed by Cal, who leads her to believe that he is merely managing the place for her. They fall in love, but many events come to pass which swerve her devotion and leads her to doubt.

Cal, despairing, leaves for Emanuel, a boarder hall of vice. There he kills a man in defending the prize beauty of the place and is forced to flee for the hills. The plot runs on to a sweeping and dramatic climax which sets the red blood pounding and pulls at the strings of one's emotions.

The exterior scenes of great grandeur and the interiors of realism to the highest degree are excellently photographed and make a wonderful setting for this great drama of the west.

#### Comedy and Drama at Princess.

"The Dawn of Understanding," featuring Bessie Love will be shown at the Princess theatre tonight and Ben Turpin's latest comedy, "Hide and Seek Detectives" will be shown as an extra. If you don't laugh at this comedy there is something wrong, it is said. Monday Vivian Martin will be shown in "Her Country First."

Mary Roberts Rinhart, who wrote the popular story, "Her Country First," which has been pictured by Paramount for charming Vivian Martin, is the most prolific, the most popular and the cleverest woman writer in America today.

Magazine editors often say, "She can do anything," and certainly she contributes a mass of splendid material to the magazines on all sorts of subjects. Novels, short stories, travel articles, war articles—she turns them out continually. One of her cleverest stories is "Her Country First," which was arranged for the screen by Edith Kennedy, and Vivian Martin has one of the best roles of her screen career in the character of little Dorothy Grant.

## European Finances.

Europe is nearly bankrupt. The financial cost of four years of death and destruction and human wretchedness is overwhelming.

Germany's debt since the war began has reached forty billions of dollars. Manufacturing and business conditions generally are at a standstill, awaiting the outcome of the peace conference and knowledge of the indemnity to be fixed by the allies. There is an enormous circulation of paper money, based on a very small amount of gold and few securities. The amount which can be raised by taxes is utterly inadequate to the government's expenses and the interest on the tremendous war debt.

France is almost as desperate a condition. The expense of the war cost her over thirty-six billions, and the taxes for 1919 will not equal the war and civilian expenses for the year. In spite of the fact that the

war expenses will decrease a large deficit will exist. The industrial regions have been devastated by the Germans, and some of the finest agricultural portions of the country will require years for complete restoration.

The upshot is that France cannot rebuild and reconstruct without the aid of a large indemnity from Germany, and that Germany cannot pay an indemnity of the size required without completely ruining herself and her people.

Great Britain has also been put to enormous cost, but her position is not quite so difficult. The war was fought out on other territory, and the need of reconstruction is absent from her problems. Even so, there has been some suggestion of repudiating a portion of the war debt held by the English people.

These conditions keep the peace conference and the financial bureaus busy with paper and pencil and pen and ink and long columns of figures. French and British and American and German heads are busy and aching over the problems.

The event will probably be that Germany's indemnities will be nicely proportioned to the largest amount she can stand without running into desperation and Bolshevism, and that Uncle Sam will step in and lend the balance of the money required for the restoration of France.

## New Outlook for Soldiers.

Many of the returning soldiers are saying that they will never go back to the jobs they came from. A lot of them have been trained to higher grades of employment. Take the vast number who used to do clerical work requiring little mental effort. Many of these fellows have now had special courses in machinery, electricity, automobile repairing, etc.

These fellows see better chances in this technical work. They will dislike to go back to sit on stools and add up rows of figures.

As a result there will be more men who are actually capable of producing things, instead of merely handling and keeping records of what other people produce. This will create a large class of skilled workers, and there is never any surplus of such. It will create large numbers of men capable of serving as superintendents and foremen and organizing and increasing the product of those under them. Many women who were expecting to have to give up the soldiers' jobs which they took will find that the soldiers have gone on to something better.

Large Crowds Enjoy Dancing at Oneals Annual Event.

The annual spring opening of Oneal Brothers has been well attended all day and is reported to be the most successful of any held so far. The Greensburg Jazz band was on the scene again today and the dancers enjoyed the opportunity for a dance as well as they did yesterday afternoon. Guesses were also being taken on the number of seeds in a pumpkin, a ten dollar gold piece being given as a premium. A sure drop corn planter was attached to a gasoline engine and the regularity of the drop was commented upon by many of the farmers. The band will be at the dance room tonight and all those who dance are invited to attend and enjoy the good music.

Harvest ten acres with a corn binder.

Cut twenty acres of wheat with an eight-foot binder.

Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

# Janesville Sulky Plows

**JANESVILLE** Riding Plows have flexibility in the furrow. The plow bottom oscillates in the frame of the plow with much the same motion found in a walking plow.

The plow bottom hangs over a single bail and you can tell instantly whether you are hitched too high or too low in the clevis, as the result in either case is a rigid running plow.

This flexibility relieves the "pinch" at the plow point as well as along the cutting edge of the share. This reduces draft.

Because of this clean-cut furrow it helps the plow to scour in difficult soils.

The action of the Janesville Plow in the furrow is peculiar unto itself. It is guaranteed to work where any other plow will work under the same conditions, and we have found it has worked when others have failed.

## CAPT. CRAWFORD VISITS HOME FOLK

Visits Parents Near Carthage After Spending Seven Months in Actual Service in France.

**HE SERVED ON MANY FRONTS**

Was in Charge of a Battery of Artillery Which Supported 28th Infantry.

After a week's visit with his parents, Mr. and Mrs. Zachery Crawford of near Carthage, Captain Willard H. Crawford left today for Toledo Ohio, where he will make his future home. Captain Crawford has recently returned from several months overseas service, seven of which were spent in actual service on several different fronts. Mrs. Ernest Mull, living southwest of this city, is a sister of Captain Crawford.

Captain Crawford, a stalwart soldier and one of the youngest officers of the army, has received rapid promotion and his battery, which was kept almost intact throughout did effective work in artillery support of the 28th Infantry.

His first enlistment was on August 3, 1911 at Columbus Barracks O., in the Coast Artillery Corps, 129th Company, being sent to Ft. Adams, Rhode Island. He was promoted to Corporal on Feb. 22, 1913, and was made Sergeant on Dec. 25 of that year. He became First class gunner on April, 11 1912, and Platoon leader on Nov. 14 1913. After serving his three years' enlistment he returned to his home here.

His second enlistment was in May 1917. He was stationed for some time at Ft. Meyer, Va., and left for overseas service on Sept. 7, 1917 with the artillery branch of the Rainbow (42nd) Division on the Frederick der Grosse, an interned German vessel, landing at St. Nazaire, France.

The 4th Artillery was a part of the 4th Corps of the First American Army, and was brigaded with the Fourth and Eighth French Army under the one armed general Gouraud. (zhuro). Shown a large war map of traced the route of action of his battery against the enemy, from April 14, 1918 to Nov. 11, showing exact spots, principally in woods or forests, where the big Howitzers were camouflaged.

On July 2 his battery entrained with orders to go Chateau-Thierry, but while on the way were canceled and changed to Hans, near the junction of the Argonne and Champagne sectors. They met the German drive there of July 14-15 and on the 17th moved to Laval in the latter sector and took part in a counter-attack by the French 4th army which recaptured Batte de Mesnil and restored most of the old lines, taking between 600 and 1000 prisoners. As this was a hurry-up call, Capt. Crawford had to place his battery at the top of a hill. On the first clear day it was discovered that seven German observation balloons could look down the muzzles of the guns, but the battery stayed in position until the 25th and then moved to the Bois de Pyramids, near the city of Rheims, and remained in position there until August 25. During the time in this sector the battalion lost 65 men, killed, wounded and gassed. On Aug. 28 the battery entrained for the St. Mihiel sector to join the 1st American army which was being organized in the vicinity

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

of Toul. Under the new command of the American generals, they fired in the St. Mihiel drive on Sept. 12 from 1 a. m. to 11 a. m. Then finding the Germans out of artillery range they moved up behind the infantry, taking position near Thiaucourt where they helped to establish new lines and held them until Nov. 1. "This, I believe," he said, "was the hottest place I was ever in."

"On Nov. 12 we received orders to be ready to move at any time. But on Nov. 15, when we were wondering which of the forts of Metz we would occupy, our orders came, not to move into Germany, but to start on that long, long trail which leads to home. It's mighty fine to be back. But when Uncle Sam needs soldiers, I will go again; back to 'hard tack, corned beef and gold fish' and be glad to do it."

Captain Crawford naturally had some narrow escapes but did not discuss them merely saying that he had occasion to think intensely of Carthage when shells were falling but "the close ones didn't count."

Captain Crawford returned to the States on Feb. 4 on the White Star liner Cedric, and was mustered out of service on Feb. 15 at Ft. Totten, N. Y.

## FORMER LOCAL BOYS MEET

John Moffett Writes of Proposed Reunion at Balboa

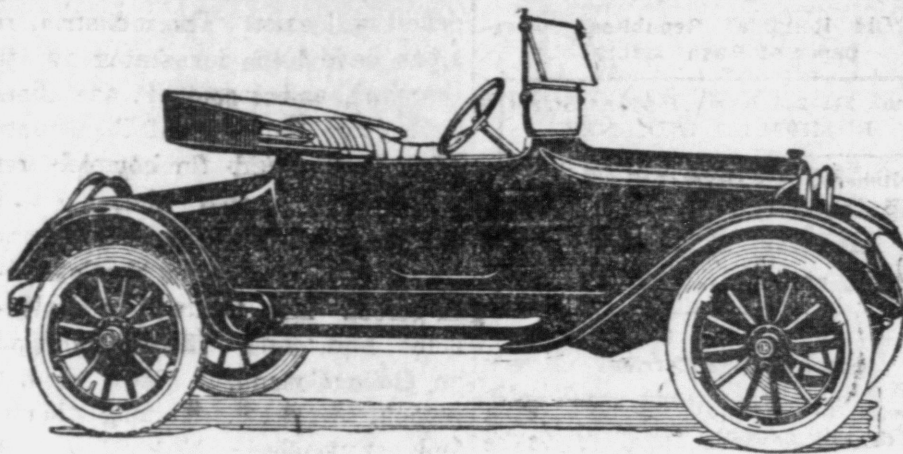

Mrs. Charles Hugo has received word from her nephew, John Moffett, former Rushville boy, telling of the chance meeting at Balboa, Panama with Willie Richter, also a former Rushville boy, who is in the United States army. He said Richter informed him that Lieut. Joe Hitt of an aero squadron and a Rush county boy named Crull were also near Balboa, and that the four of them planned to hold a reunion. Mr. Moffett said he had frequently seen Eugene Helm, United States navy, who is the son of George Helm of this city and is stationed at the north end of the canal. Mr. Moffett is foreman of cupola tenders in a United States foundry. He recently wrote an article about his work which was printed in a magazine.

## PART OF HUN REPUBLIC.

Basle, Mar. 8.—The special commission of the Austrian national assembly had ratified the government plan to declare formally that the German-Austrian republic government is an integral part of the German republic, a Vienna dispatch announced today.

## PRIMARY BILL KILLED

Indianapolis, Ind., March 8.—The Durean Senate bill, to change the date of the primaries from May to the first Tuesday in March, was killed in the House yesterday, when, by a vote of 56 members, the enacting clause was stricken out.

## DODGE BROTHERS ROADSTER

The roadster has the same stream lines as the touring car. The seat is wide and low and the steering post is set at an angle which gives a comfortable driving position. There is a large spacious compartment at the rear which provides space for extra tires or baggage. The equipment throughout the roadster is the same as on the touring car.

This car is on display now on our show room floor or see it at the automobile show March 20th and 21st.

Mrs. Hillary Haydon will be hostess for the Five Hundred club, Monday afternoon at her home in North Main street.

Miss Dorothy Sparks and Miss Dorothy Muno will attend the Kappa Alpha Theta house party at Indiana university at Bloomington next week.

Mrs. J. M. Amos is entertaining tonight with a dinner party in honor of the wedding anniversary of Mr. and Mrs. G. D. Nichols, at their country home south of the city.

About thirty guests of Mr. and Mrs. James Smith delightfully surprised them last evening at their home in Falmouth, the occasion being Mr. Smith's birthday. A delicious pitch-in supper was served to the guests and the remainder of the evening was spent socially.

The Ladies Aid Society of the Methodist Episcopal church will meet Tuesday afternoon at the home of Mrs. Anna B. Cox on North Morgan street. Mrs. Cox will be assisted by Mrs. John Blackledge and Mrs. Belle Cosand.

Mrs. A. L. Gary and Mrs. Guy Mulbarger delightfully entertained a number of their friends with a Bridge party yesterday afternoon at the home of the former in North Harrison street. The guests grouped themselves around the nine card tables and enjoyed the afternoon playing Bridge. The hostesses served a dainty luncheon at the close of the afternoon.

In the evening the hostesses gave a dinner party for about fourteen of their friends, after which the evening was spent playing cards.

A new club was organized yesterday afternoon at the home of Mrs. Matilda Worth, which will be called the W. R. C. circle. The following officers were elected: president, Zeltha Morgan; vice-president, Ella Higgs; treasurer, Linda Walkendorf; secretary, Pearl Dye, and chairman of the flower committee, Elsie Short. The hostess, assisted by Mrs. Cornelia Lyons and Mrs. Laura Wolverton, served dainty refreshments at the close of the afternoon. The next meeting will be Thursday afternoon, March 20 with Mrs. Sarah Craig at her home in North Harrison street. Plans for the year were discussed. She will be assisted by Mrs. Edna Dagler and Mrs. Walkendorf.

#### ENDORSEMENT OF LEAGUE IS FAILURE

Continued from Page One  
of the party platform and administration bills were halted. Considerable nervousness was manifest in many quarters today when it was made known that, as usual, large number of bills would die after

having been passed by one branch of the legislature.

Early organization of the two houses is given as the cause for the major portion of the administration bills receiving action before the final hours of the session, as was also considerable gratitude expressed to minority members for not attempting to interfere with the program to push through some strictly republican issues, when it might have been possible to form a strong opposition and perhaps have prevented the passage of several of the platform measures.

Among these was the welfare commission bill which was earlier in the session, threatened seriously when a senate committee of which Senator Ratts is chairman, held a committee report recommending indefinite postponement of the bill. Had this action been taken it would have been impossible to again consider the measure at this session of the general assembly. The session will close Monday night—technically at midnight, according to the house and senate clocks which according to custom fail to function after eleven p. m. on the final night of the session.

#### NOT TO AFFECT WORK OF THE COMMISSION

Severance of Negotiations Between German and Economic Bodies is Not Serious.

#### FORECAST OF FRENCH PAPER

(By United Press.)  
Berne, Mar. 8.—Severance of negotiations between the German and allied economic commissions after refusal by Germans to surrender her fleet, will not affect the work of the armistice commission which is continuing the conference, it was announced in a dispatch from Berlin today.

Paris, Mar. 8.—A French paper predicted today that the first plen-

ary conference with the German delegates will be held in Versailles before the end of this month. The general conference will take up the ratification of the preliminary peace March 15, the newspaper forecast, and the German plenipotentiaries will be called in for a conference about March 10.

#### MORE OVERSEAS MEN ARRIVE IN NEW YORK

Steamships Chicago and Plattsburg Dock Today With More Than 3,000 Troops Aboard.

#### SOLDIERS WIVES RETURNING

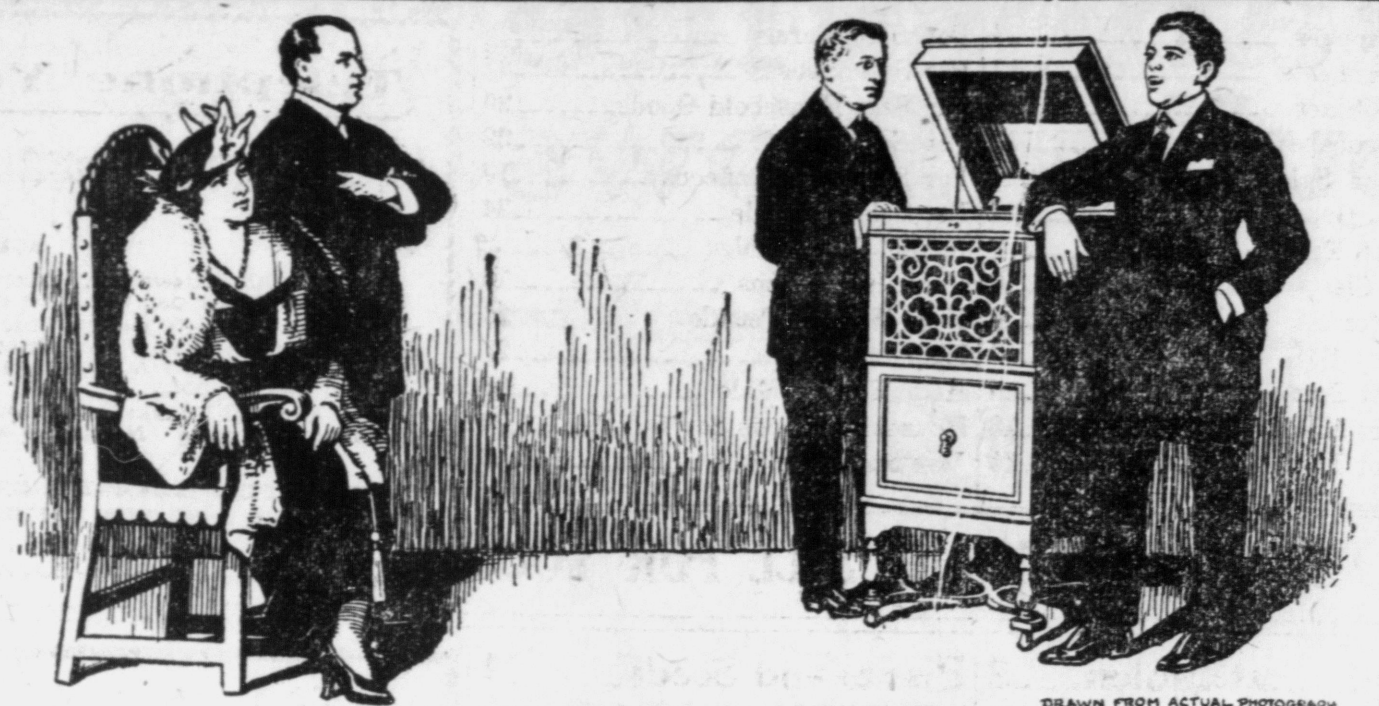

(By United Press.)  
New York, Mar. 8.—With 46 officers and 1,000 men of the 348th infantry, of the 87th division (national army, Arkansas, Louisiana, Mississippi) the steamship Chicago arrived here today from Bordeaux. These troops comprise the 348th's field and staff, headquarters of 1st and 3d battalions, headquarters and supply companies, sanitary detachment of Companies A, B, C, D, E, F, and I. They are assigned to Camp Dix. Also aboard were 13 casual officers.

The steamship Plattsburg arrived from Brest with 2,175 troops, 25 wives of soldiers, 20 wives of sailors and 150 naval officers and men. The sick and wounded numbered 543, a majority of them being convalescents. The units included the following:

Three officers and 145 men of the 5th machine gun battalion of the 1st division (regular army), for Camps

#### Stopped Cough After Influenza

"I want to say that Foley's Honey and Tar is the best cough medicine I ever tried," writes E. B. McDowell, R. F. D. 1, Box 119, Arlington, Tenn. "My son had influenza. He had the worst kind of a cough and I tried everything, but nothing did any good. God sent me a friend with Foley's Honey and Tar, and his cough was better the next day and in two days he had no cough at all." Foley's Honey and Tar stops harsh, racking coughs; eases wheezy breathing. It is effective, yet pleasant to take. F. B. Johnson.—Adv. 2

LAND EXPECTED TO AVERAGE NEAR \$125

Continued from Page One  
come up and the last thing to go down.

The assessors are meeting much opposition from taxpayers because of the increased valuation placed on personal property. Earl Priest, county assessor, and Dan Spivey, deputy Rushville township assessor, have been investigating in surrounding counties and have found that in only one instance is the personal property schedule lower than in Rush.

Henry and Shelby county assessors, they say, are listing almost every item, especially live stock, hay, seed and grain, with the exception of corn, higher than the figures agreed upon by the Rush county assessors. Fayette and Hancock counties are in about the same class as Rush but Decatur county's schedule is lower, by reason of the determination of the county assessor, it is stated, not to follow the state board's instructions.

The new tax bill, if it becomes a law, will make possible a more uniform assessment of all classes of property because the state tax board if its rulings are not followed, is given the authority to relieve an assessor of his position, not before, however, the assessor is given a hearing in the circuit court.

It is declared to be the intentions of the assessors in Rush county approximately to double the valuation on household goods. In the past they have not been taken at what is estimated at more than half their cash value. Many taxpayers are objecting to this, assessors, say, not being able to understand that with the higher valuation, the tax rate will be lowered a corresponding sum so that taxes will not be any higher. No attempt will be made to raise any more revenue than has been raised in past years.

Assessors are listing dogs as they call on taxpayers, but are not collecting the tax as is the custom because of the bill in the legislature

to increase dog taxes. The house has passed a bill providing the tax on each male or spayed female shall be \$3 a year, and on each female \$5. The second dog, either male or female, shall be \$5. The senate has incorporated a similar amendment in the state tax bill, so that it is likely to become a law.

HOW WEAK, NERVOUS WOMEN  
QUICKLY GAIN VIGOROUS  
HEALTH AND STRONG NERVES  
7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder  
Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.  
The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lactin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Bentonite; Phenolphthalein; Oleoresin Capsicum; Kolo.

This man's stomach was so bad he consulted two doctors as to what was necessary. They could not agree, so he followed a friend's advice and took Pepsinco.

The very first day he noticed an improvement. After a few days his food stopped hurting him. In a week's time he was feeling good. He took Pepsinco until he could sit down and eat what he wanted without distress.

Druggists sell lots of Pepsinco because it really does help the stomach. Ask your druggist for a small trial package and cure your stomach trouble.

## PHYSICALLY FIT AT ANY-AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haaslem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

## ENDORSEMENT OF A LEAGUE FAILURE

Efforts of Democratic Senators to  
Put Stamp of Approval on  
Peace Covenant Lost

### RESOLUTION IS PUT TO SLEEP

Senate Votes to Consider Only  
Measures Which Are Recom-  
mended by Committees

(By United Press.)

Indianapolis, Ind., Mar. 8.—Efforts by democratic senators to have a resolution endorsing the league of nations constitution passed in the upper house of the legislature, failed today.

Senator Bracken introduced the resolution. Senator Metzger, republican, moved that it be referred to the committee on federal relations. Efforts by the democrats to procure immediate action failed and Metzger's motion was adopted by a vote of 30 to 15 on party lines.

A motion introduced by Senator Ratts endorsing the resolution passed by congress, declaring freedom for Ireland, was referred to the same committee.

Action by the senate during the remaining hours of the legislative session was still further restricted when a motion by Senator Kiper allowing consideration of only those bills recommended for passage was adopted.

Senator McKinley announced that an extra bill of which nothing was known, was slipped into one of the reports last night. He did not disclose what bill this was but warned that such tactics should be watched closely.

The senate conferred on the house amendments to the Duncan bill putting the oil inspection department under the direction of the food and drug commission. The senate took up consideration of one of the appropriation bills shortly before noon.

Indianapolis, Ind., March 8.—The final concentrated drive for legislative enactments was under way in both the house and senate today when it was brought to bear upon the minds of the members of the general assembly that Monday midnight sounds the death knell of the present session of the legislature for another two years.

Administration measures have fared better than was expected by many republicans, both of the upper and lower branches, as but very few

## WAR DEPARTMENT TO HOLD ARMY OF 509,000

Chief of Staff March Says it Will  
Not be Reduced Until Congress  
Passes New Law.

### 345,000 MEN LAND IN STATES

(By United Press.)

Washington, Mar. 8.—The war department will hold an army of 509,000 until congress provides otherwise, Chief of Staff March announced today.

This army will not be reduced under any circumstances, March stated, until congress passes a law outlining the permanent military organization. He declared that the United States could not get along with a smaller army.

Demobilization facts given by General March showed 354,000 men had landed in the United States. The number ordered demobilized is now 1,613,000.

The total American battling casualties during the war were 240,190, March announced. Americans took part in action against the enemy in France number 1,300,000.

## IT SHOULD BE OSTRACIZED

Bolshevik Government Not Worthy  
of Recognition, Francis Says.

(By United Press.)

Washington, Mar. 8.—The Bolshevik government should be completely ostracized by the rest of the world, David B. Francis, American ambassador to Russia told the senate investigating committee today.

"They do not merit recognition, and other governments should not even have business relations with them," said Francis. "They are killing off everybody that is educated. They have starved the country. They hold women as hostages to compel the men to serve in the Bolshevik army."

## BRING JUSTICE ON THEIR HEADS QUICKLY

Vernie J. Pitcher is Sent to State  
Penal Farm For 90 Days and  
His Bride to Girls School

### SHE WAS UNDER A SENTENCE

The marriage of Miss Lois Kennedy, daughter of Mr. and Mrs. Bert Kennedy of East Connersville, formerly of Arlington, and Vernie J. Pitcher, also of East Connersville, here Thursday morning, brought down justice on their heads quickly for the day-old bride will be sent to the state girl's school at Clermont, in accordance with a sentence given by Judge Raymond Springer in the Fayette juvenile court Wednesday afternoon, and the bridegroom yesterday was sentenced to serve ninety days in the state penal farm and fined \$50 and costs, by Judge Springer, for contributing to the delinquency of a minor.

It develops that the couple came over here to get married for the purpose of escaping the sentence of the juvenile court, but that Pitcher, after the ceremony, returned to East Connersville, to get some personal effects, leaving his bride at a local rooming house. While back home, he was arrested by Sheriff James Szeepel of Fayette county and a telephone message to Rushville resulted in the arrest of the girl. She gave her home as Arlington and misrepresented her age in order to get a marriage license.

## AMERICAN CLAIMS TOTAL 750 MILLION

According to Records of State De-  
partment, U. S. Will Demand  
This Sum in Reparation.

### MANY INDIVIDUAL CLAIMS

Washington, Mar. 8.—American claims for damages against Germany and Austria thus far total \$750,000,000, the state department announced today. Additional claims will increase this to some extent, it was stated.

The claims have been filed with the state department by American citizens and concerns. They cover the following: Deaths and injuries from submarine warfare; destruction and damages to American vessels from submarines; loss of American cargo in both American and foreign bottoms; loss of personal property; and destruction and requisition of American property by Germany and Austria-Hungary in enemy territory and territory occupied by enemy forces, and invaded territory, total about \$300,000,000.

American claims, of which there are thousands, will be submitted in a formal statement for reparation by Germany and Austria-Hungary. State department's statistics show that American citizens at the outbreak of war had \$300,000,000 worth of property in enemy territory.

## RUSHVILLE LOSES DISTRICT TOURNAMENT

Is Defeated in Final Game by  
Franklin Saturday Night by  
Score of 3 to 18.

### WINS SEMI-FINAL 28 TO 18

Milroy Loses Out in Semi-Finals  
at Richmond, Being Defeated by  
Liberty, 18 to 16.

Rushville lost district basketball honors by being defeated by Franklin high school Saturday night in the tournament at Franklin by the score 30 to 18 after having worked her way to the final by winning from Union township, Johnson county, 28 to 18 in the afternoon.

Milroy lost out in the semi-finals at the Richmond district tournament, being defeated in the three o'clock game Saturday afternoon by Liberty, 18 to 16. Richmond won the tournament, defeating Liberty, 26 to 4.

There is little doubt this afternoon but that Rushville would play Franklin in the final game of the district basketball tournament at Franklin tonight, with Shelbyville eliminated this morning and the Union township, Johnson county, five to beat this afternoon at three o'clock.

Milroy was still in the district tournament this afternoon at two o'clock when she was to meet Liberty, one of the strongest teams at Richmond. If Milroy by any chance should beat Liberty, she would be certain to play in the final tonight, with Richmond as her probable opponent.

Manilla, which loomed up yesterday as a "dark horse" in the Franklin tournament, was knocked off last night by Franklin by the score of 32 to 9. Rushville stayed in the tournament by defeating Nineveh, 25 to 12, yesterday afternoon, and Boggsstown this morning at ten o'clock, 22 to 13.

The big surprise of the Franklin tournament was the defeat of Shelbyville this morning in the 9 o'clock game by Union township, Johnson county, a little hamlet below Franklin with about three houses and a church. The score was 17 to 16. Winkler, Shelbyville's star forward, did not go in until the last four minutes.

## DISCHARGED SOLDIER IS GRANTED DIVORCE

R. A. Taylor of Carthage Testifies  
Wife Ran Away With Another  
Man While He Was in Service

Robert A. Taylor, a discharged soldier, who formerly lived at Carthage, was granted a divorce upon payment of costs by Judge Sparks in the circuit court, this morning, from his wife, Mamie Brenton Taylor, who failed to appear. Taylor testified that his wife ran away with another man while he was in the service and read a statement from a police officer in Michigan, saying his wife was living there with another man.

The case of Fannie H. Nevin against Clair Maple for possession of real estate, a finding and judgment for the plaintiff was returned by Judge Sparks and the costs were assessed against the defendant, who was ordered to give possession in ten days. Another case, related to this one, that of Ora E. Maple against the George C. Hulse estate and others, was decided for the defendant. It is understood the judgments were a compromise.

In juvenile court this morning, Judge Sparks withheld judgment in the case of eight boys, pending their good behavior, who were implicated in the robbery of the Jesse Drake store.

## SENSATIONALISM CHARGE DEFENDED

Evangelist Miller Claims he Can  
Prove by Dictionary Right to  
Use Expressions.

### SAYS BIBLE IS SENSATIONAL

It Gives Unvarnished Uncom-  
promising Truth, According to Speak-  
er at M. E. Revival.

"Repent ye for the kingdom of God is at hand," is the plea that Evangelist Miller directed at the audience at the St. Paul's M. E. church last night when he preached on "The Dude Preacher and Some Sensationalism."

The crowd last evening showed that the attendance at the revival services is growing with each meeting. During the inspiring song service led by the chorus choir which preceded the sermon, the Rev. and Mrs. Black sang a beautiful duet, "Sweeter Every Day."

Evangelist Miller will preach at both the morning and evening services tomorrow. In the evening he will talk on, "Is God Just?" and although he has not announced his subject for the morning sermon he states that he has a message of unusual interest.

Last night the speaker, in his own powerful and original manner, dwelt with considerable force on the subject of repentance. He spoke very openly against the people, who had criticized him for the use of slang in his addresses and charged him with sensational preaching. He denied the charge, claiming that he could prove by the dictionary the right use of each one of his expressions and said his was only a different way of expressing his thoughts. As for his sensationalism he referred them to the lives of Paul and others of the early preachers and apostles, as to their manner of preaching, which was of the most sensational kind.

He said in part: "These people who criticize are not as nice as they think they are. Shrewd men to get business from their competitors adopt sensational methods to fill their stores with buyers, yet no one cries sensationalism. An educator comes along and introduces a system whereby a student can accomplish in three months, what it took a year to accomplish before, yet nothing is said about radicalism or sensations."

"But because a man comes along and preaches the truth about religion, about heaven and hell, about repentance, then people begin to tear about and cry sensationalism. No matter how you get the truth, just so you get it. The Bible is sensational, it gives the unvarnished uncompromising truth. John the Baptist was the first dude preacher; he came in from the wilderness with scarcely enough clothes on to flag a handcar, and he preached the truth. People were shocked. King Herod came along and he was called an old adulterer and told if he did not repent he would be lost. The uncompromising thrust cost John the Baptist his head. But the truth was not stopped. Jesus came and preached the same gospel, and said it would last forever. He preached, 'Repent ye, for the kingdom of heaven is at hand.' The people prepared to kill him. The apostles suffered martyrdom."

Other committeemen selected were: soil fertility Elmer E. Hungerford; live stock, Ralph Gosnell; clubs, Solon Tevis; orchards, Hugh Archey and poultry, Frank Hewitt.

## INTERIOR DECORATING CONTRACT AWARDED

Hugh Range of Indianapolis Given  
Court House Job by Board—  
Crosby Co. Gets Other Work.

### ACTUAL DESIGNS PRESENTED

The county commissioners today awarded the contract for interior decorating, exterior painting and revarnishing of woodwork in the court house for the combined sum of \$6,835, to Hugh H. Range of Indianapolis and the Ed Crosby company of this city. This is \$1,165 under the estimate of \$8,000, which sum was appropriated by the county council for the work.

Range, who decorated the commissioners room for Red Cross workers last year, was awarded the interior decorating contract for \$5,845. The local concern for the exterior painting contract for \$265, and the woodwork contract for \$725. Meredith and Rodebaugh of this city submitted a bid of \$375 on the painting contract.

William G. Andrews Decorative Co., of Chicago bid \$5,287 on the interior decoration and Mitchell, Halbach & Co. of the same place, \$6,950. J. H. Shanbacher of Springfield, Ill., bid \$5,600. All but one of the bidders on the interior decorating presented designs of the corridors and rooms of the court house, showing the actual colors to be used. Range's contract calls for a picture of Lincoln, on a background of American flags, on the south wall of the second floor corridor, facing the stairway.

## INSTRUCTIONS ON PACKING RECORDS

Contradict Previous Orders And Will  
Cause Board to Change Arrange-  
ment of Registration Cards.

### EARLIER WORK TO DO OVER

Regulations governing the packing of the records of the selective draft were received by the county board today. They provide for some more changes in the arrangement of the records. For instance, the board must now arrange the original registration cards in exact dictionary, alphabetical order.

The board formerly had them that way, but several weeks ago in sequence of order numbers, which was done. Now the work must be undone. The duplicate registration cards have to be placed in age classes, according to the latest instructions, whereas they are now in alphabetical order.

The records all have to be shipped in boxes planed on both sides and protected on the inside with water-proof paper. The board has no idea what or where the records will be shipped. As soon as they are packed an order, the board is instructed to wire the state conscription officer for instructions.

## LAND EXPECTED

TO AVERAGE \$125

Farmers Believe Assessed Valuation  
Any Higher Than This Would  
be a Hardship

### \$250 SALES ARE EXCEPTIONS

Assessors Get Many Complaints Due  
to Increased Valuation—Sche-  
dule Here Not High

If Rush county farm land averages an assessed valuation of \$125 an acre, it will be as near the average conception of "true cash value" as can be reached, in the opinion of taxing officials and others who have expressed opinions on the matter.

Very little real estate has been assessed in Rush county so far, although the assessors have been at work for a week. They have been holding off until the legislature made it plain just what would be done about the state tax laws.

When the assessors met here last Saturday, the tax bill provisions were far from settled. At that time the lower house of the general assembly had amended the measure to provide for assessing both real estate and personal property at fifty percent of its cash value. Since that time, however, the senate has passed the bill, providing for assessing all classes of property, except intangibles, at their cash value, and there are indications that the house at least will leave this part of the bill unchanged when it acts on the measure again.

Because of this uncertainty, very few assessors have listed any real estate now, but they were expected today, to begin on this phase of the work at once, because it is a big task and they have only until the first of May to finish.

Although a few farms have been selling in Rush county at \$250 an acre and a much larger number have sold for \$200, it is declared that it would not be fair to the farmer to assess his farm at the figure which a farm, apparently of equal worth, brought at a recent sale. It is pointed out that certain elements have to be taken into consideration—that land does not ordinarily sell for \$250 an acre, and then only when the farm exactly suits the needs or whims of the buyer.

It is declared that very few farms in Rush county, if thrown on the open market, would bring \$250. The occasional sale of this sort is accomplished because the owner happens to find a buyer whom the farm suits. On the other hand, many farmers think that the great majority of the farms in the county would not sell for \$200 an acre, many of them coming in the \$150 class. It is stated that in the last few years no Rush county farm has sold for less than \$150 an acre, and in the last ten or twelve years one farmer sold today, no farm in Rush county has sold for less than \$75 an acre, with in the recollection of this farmer. That sale was an exception because the farm was more than a mile from any road.

Another thing must be taken into consideration in listing farms for taxation, it is asserted. It is the fact that real estate is assessed only every four years and that the valuation placed on farms now can not be reduced until 1923. Likewise, farmers point out that land values are inflated now on account of the general rise in prices during the war, and that farm values may decrease within four years. To assess land at actually what it brings now would be a hardship, for these reasons, farmers believe. But there is a class of farmers who believe that land will never go far below the figure it has now reached. Many also place much faith in the old saying that land is the last thing to

utes of play, and did not get warmed up before the final whistle blew. Hopewell defeated Whiteland in the 8 o'clock game this morning by the score of 23 to 17 and by the victory earned the right to play Franklin at 2 o'clock this afternoon. Franklin was expected to win, as was Rushville when she met Union township at 3 o'clock. Rushville maintained a good lead over Boggstown in this morning's game, the score at the end of the half being 41 to 4.

One thousand, eight hundred people witnessed the basketball tourney at Franklin yesterday and as many if not more were expected today. Franklin, using three substitutes, easily defeated Southport, the score being 35 to 3. In the Shelbyville-Morristown, Shelby nosed out, 15 to 9 victory. The most hotly contested game of the day was between Hopewell and Edinburgh, the former winning by fourteen points. Hopewell is a strong contender for sectional honors. Rushville defeated Nineveh by a 25 to 12 score and they were to meet Boggstown this afternoon. Boggstown looked like an easy one for the locals and their next game was certain to be with Shelbyville at 4 o'clock this afternoon. The local fans had it doped out that history will not repeat itself at this game and were expecting the locals to defeat the Shelbyville team. According to reports received the Richmond basketball team was easily the best team taking part in the tourney there. Milroy was considered the runner-up and surprised the

# GENERAL STRIKE IN GERMANY SETTLED

Settlement is Reached Whereby Soviets Are Granted Constitutional Recognition

## WORK TO BE RESUMED MONDAY

Despite Action of Strikers, Rioting Continues in Some Sections of Berlin Today

(By United Press.)  
Berlin, March 8.—The general strike was called off by its leaders Friday afternoon and work will be resumed Monday.

A settlement was reached on the basis of a compromise with the German cabinet, whereby the Soviets were granted constitutional recognition.

Despite the action of the strikers, rioting was continued in some parts of the city. Friday afternoon the rebels were battling desperately in the northeast section of the city and were holding off a vastly superior government force. Streets were strewn with dead and wounded.

Berlin Mar. 8.—The Spartacans have determined to break off all negotiations with the government and settle the issue by fighting. This action was taken despite the fact that the government forces were extending their control of the city.

After a day of comparative success the revolutionists were again on the defensive.

The tide turned when government airplanes began dropping huge bombs on the roof of the royal palace, occupied by revolutionizing sailors. The building was demolished and scores of sailors were killed and wounded. The remainder surrendered shortly afterwards. The place, where the chief Spartacan resistance was entered was taken by government troops.

More than one hundred revolutionists were captured here. The general strike is gaining, however.

Liberty, defeating the Brookville quintet yesterday. This game was played on the defensive by Milroy, who won with a 30 to 24 score. This was the only overtime game during yesterday's playing. Milroy was to meet Fountain City in the next game and it was expected that it would be a close game as Thomas, their opponent's crack center, suffered a sprained ankle in the game with Stony Creek and could not play today. Liberty defeated Ridgeville at Richmond and Richmond put Hagerstown out of the running by the score of 34 to 10.

Last night's playing, Manila was defeated by the Franklin quintet with the score of 32 to 9 and Boggstown won from Arlington in a 19 to 10 game. The game between the locals and Shelbyville this afternoon was expected to be the closest and most exciting of the games held during the Franklin tourney. The locals were out for revenge. Hopewell, Franklin, Shelbyville and the local quintet are all strong contenders for the honors and it is difficult to tell which of the four teams will be the victor.

### Amusements

**Wm. S. Hart at Mystic.**  
"The Lion of the Hills," Wm. S. Hart's most fitting vehicle, a virile drama of the great west, will be shown at the Mystic theatre tonight. The supporting cast is composed of such renowned stars as Clara Williams, Louise Glaum, Rhea Mitchell and Enid Markey, each player portraying her most befitting role, thus raising the interpretation of the drama to the highest degree.  
Hart, as a rough and ready westerner, Cal Stewart, is seen as living in the East, but soon tires of this unnatural environment and journeys back to the great west, the land he knows and loves. Here he wins a large purse in the Rodeo, contest, with which he buys a gambling and dance hall called the Pleasure Palace, from an old man, who afterwards dies. The old man's granddaughter comes from the east in accordance with a letter written by him and is welcomed by Cal, who leads her to believe that he is merely managing the place for her. They fall in love, but many events come to pass which swerve her devotion and leads her to doubt.  
Cal, despairing, leaves for Emanuel, a boarder hall of vice. There he kills a man in defending the prize beauty of the place and is forced to flee for the hills. The plot runs on to a sweeping and dramatic climax which sets the red blood pounding and pulls at the strings of one's emotions.  
The exterior scenes of great grandeur and the interiors of realism to the highest degree are excellently photographed and make a wonderful setting for this great drama of the west.

**Comedy and Drama at Princess.**  
"The Dawn of Understanding," featuring Beanie Love will be shown at the Princess theatre tonight and Ben Turpin's latest comedy, "Hide and Seek Detectives" will be shown as an extra. If you don't laugh at this comedy there is something wrong, it is said. Monday Vivian Martin will be shown in "Her Country First."  
Mary Roberts Rinhart, who wrote the popular story, "Her Country First," which has been picturized by Paramount for charming Vivian Martin, is the most prolific, the most popular and the cleverest woman writer in America today.  
Magazine editors often say, "She can do anything," and certainly she contributes a mass of splendid material to the magazines on all sorts of subjects. Novels, short stories, travel articles, war articles—she turns them out continually. One of her cleverest stories is "Her Country First," which was arranged for the screen by Edith Kennedy, and Vivian Martin has one of the best roles of her screen career in the character of little Dorothy Grant.

## **European Finances.**

Europe is nearly bankrupt. The financial cost of four years of death and destruction and human wretchedness is overwhelming.

Germany's debt since the war began has reached forty billions of dollars. Manufacturing and business conditions generally are at a standstill, awaiting the outcome of the peace conference and knowledge of the indemnity to be fixed by the allies. There is an enormous circulation of paper money, based on a very small amount of gold and few securities. The amount which can be raised by taxes is utterly inadequate to the government's expenses and the interest on the tremendous war debt.

France is almost as desperate a condition. The expense of the war cost her over thirty-six billions, and the taxes for 1919 will not equal the war and civilian expenses for the year. In spite of the fact that the

war expenses will decrease a large deficit will exist. The industrial regions have been devastated by the Germans, and some of the finest agricultural portions of the country will require years for complete restoration.

The apoth is that France "cannot rebuild" and reconstruct without the aid of a large indemnity from Germany, and that Germany cannot pay an indemnity of the size required without completely ruining herself and her people.

Great Britain has also been put to enormous cost, but her position is not quite so difficult. The war was fought out on other territory, and the need of reconstruction is absent from her problems. Even so, there has been some suggestion of repudiating a portion of the war debt held by the English people.

These conditions keep the peace conference and the financial bureaus busy with paper and pencil and pen and ink and long columns of figures. French and British and American and German heads are busy and aching over the problems.

The event will probably be that Germany's indemnities will be nicely proportioned to the largest amount she can stand without running into desperation and Bolshevism, and that Uncle Sam will step in and lend the balance of the money required for the restoration of France.

## **New Outlook for Soldiers.**

Many of the returning soldiers are saying that they will never go back to the jobs they came from. A lot of them have been trained to higher grades of employment. Take the vast number who used to do clerical work requiring little mental effort. Many of these fellows have now had special courses in machinery, electricity, automobile repairing, etc.

These fellows see better chances in this technical work. They will dislike to go back to sit on stools and add up rows of figures.

As a result there will be more men who are actually capable of producing things, instead of merely handling and keeping records of what other people produce. This will create a large class of skilled workers, and there is never any surplus of such. It will create large numbers of men capable of serving as superintendents and foremen and organizing and increasing the product of those under them. Many women who were expecting to have to give up the soldiers' jobs which they took will find that the soldiers have gone on to something better.

# **The World's Tractor**

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres. Disc twenty acres with a seven-foot tandem disc. Harrows forty-five to fifty acres with a 15-foot harrow. Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator.

Harvest ten acres with a corn binder. Cut twenty acres of wheat with an eight-foot binder. Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

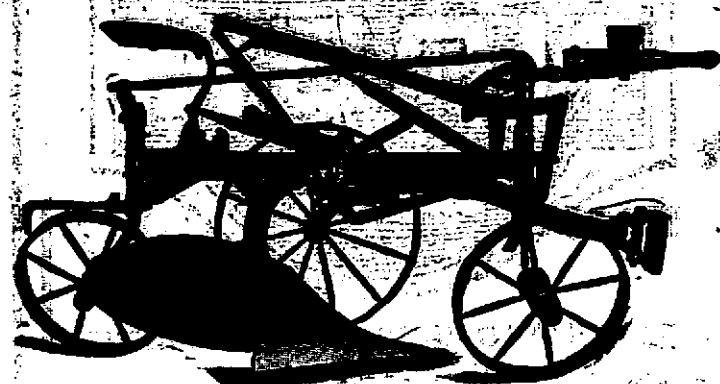

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

# Janesville Sulky Plows

**JANESVILLE** Riding Plows have flexibility in the furrow. The plow bottom oscillates in the frame of the plow with much the same motion found in a walking plow.

The plow bottom hangs over a single bail and you can tell instantly whether you are hitched too high or too low in the clevis, as the result in either case is a rigid running plow.

This flexibility relieves the "pinch" at the plow point as well as along the cutting edge of the share. This reduces draft.

Because of this clean-cut furrow it helps the plow to scour in difficult soils.

The action of the Janesville Plow in the furrow is peculiar unto itself. It is guaranteed to work where any other plow will work under the same conditions, and we have found it has worked when others have failed.

Drop in the next time you are in town.

## CAPT. CRAWFORD VISITS HOME FOLK

Visits Parents Near Carthage After Spending Seven Months in Actual Service in France.

**HE SERVED ON MANY FRONTS**

Was in Charge of a Battery of Artillery Which Supported 28th Infantry.

After a week's visit with his parents, Mr. and Mrs. Zachery Crawford of near Carthage, Captain Willard H. Crawford left today for Toledo Ohio, where he will make his future home. Captain Crawford has recently returned from several months overseas service, seven of which were spent in actual service on several different fronts. Mrs. Ernest Mull, living southwest of this city, is a sister of Captain Crawford.

Captain Crawford, a stalwart soldier and one of the youngest officers of the army, has received rapid promotion and his battery, which was kept almost intact throughout did effective work in artillery support of the 28th Infantry.

His first enlistment was on August 3, 1911 at Columbus Barracks O., in the Coast Artillery Corps, 129th Company, being sent to Ft. Adams, Rhode Island. He was promoted to Corporal on Feb. 22, 1913, and was made Sergeant on Dec. 25 of that year. He became First class gunner on April, 11 1912, and Platoon leader on Nov. 14 1913. After serving his three years' enlistment he returned to his home here.

His second enlistment was in May 1917. He was stationed for some time at Ft. Meyer, Va., and left for overseas service on Sept. 7, 1917 with the artillery branch of the Rainbow (42nd) Division on the Frederick der Grosse, an interned German vessel, landing at St. Nazair, France.

The 44th Artillery was a part of the 4th Corps of the First American Army, and was brigaded with the Fourth and Eighth French Army under the one armed general Gouraud, (zhuro). Shown a large war map of traced the route of action of his battery against the enemy, from April 14, 1918 to Nov. 11, showing exact spots, principally in woods or forests, where the big Howitzers were camouflaged.

On July 2 his battery entrained with orders to go Chateau-Thierry, but while on the way were canceled and changed to Hans, near the junction of the Argonne and Champagne sectors. They met the German drive there of July 14-15 and on the 17th moved to Laval in the latter sector and took part in a counter-attack by the French 4th army which recaptured Butte de Mesnil and restored most of the old lines, taking between 600 and 1,000 prisoners. As this was a hurry-up call, Capt. Crawford had to place his battery at the top of a hill. On the first clear day it was discovered that seven German observation balloons could look down the muzzles of the guns, but the battery stayed in position until the 25th and then moved to the Bois de Pyramids, near the city of Rheims, and remained in position there until August 25. During the time in this sector the battalion lost 65 men, killed, wounded and gassed. On Aug. 28 the battery entrained for the St. Mihiel sector to join the 1st American army which was being organized in the vicinity

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuritis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 5c and 10c jars, largest size 25c.

of Toul. Under the new command of the American generals, they fired in the St. Mihiel drive on Sept. 12 from 1 a. m. to 11 a. m. Then finding the Germans out of artillery range they moved up behind the infantry, taking position near Thiacourt where they helped to establish new lines and held them until Nov. 1. "This, I believe," he said, "was the hottest place I was ever in."

"On Nov. 12 we received orders to be ready to move at any time. But on Nov. 15, when we were wondering which of the forts of Metz we would occupy, our orders came, not to move into Germany, but to start on that long, long trail which leads to home. It's mighty fine to be back. But when Uncle Sam needs soldiers, I will go again; back to 'hard tack, corned beef and gold fish' and be glad to do it."

Captain Crawford naturally had some narrow escapes but did not discuss them merely saying that he had occasion to think intensely of Carthage when shells were falling but "the close ones didn't count."

Captain Crawford returned to the States on Feb. 4 on the White Star liner Cedrie, and was mustered out of service on Feb. 15 at Ft. Totten, N. Y.

## FORMER LOCAL BOYS MEET

John Moffett Writes of Proposed Reunion at Balboa

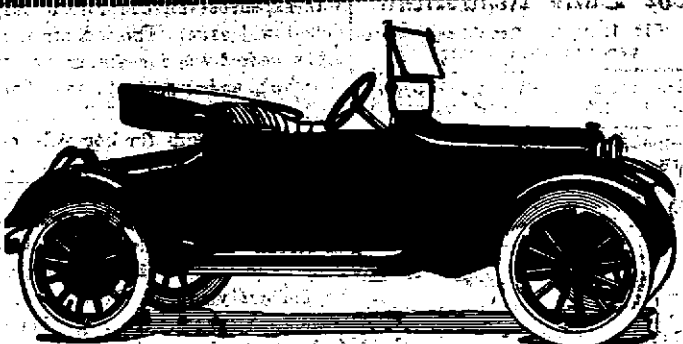

Mrs. Charles Hugo has received word from her nephew, John Moffett, former Rushville boy, telling of the chance meeting at Balboa, Panama with Willie Richter, also a former Rushville boy, who is in the United States army. He said Richter informed him that Lieut. Joe Hitt of an aero squadron and a Rush county boy named Crull were also near Balboa, and that the four of them planned to hold a reunion. Mr. Moffett said he had frequently seen Eugene Helm, United States navy, who is the son of George Helm of this city and is stationed at the north end of the canal. Mr. Moffett is foreman of cupola tenders in a United States foundry. He recently wrote an article about his work which was printed in a magazine.

## DODGE BROTHERS ROADSTER

The roadster has the same stream lines as the touring car. The seat is wide and low and the steering post is set at an angle which gives a comfortable driving position. There is a large spacious compartment at the rear which provides space for extra tires or baggage. The equipment throughout the roadster is the same as on the touring car.

This car is on display now on our show room floor or see it at the automobile show March 20th and 21st.

Mrs. Hillary Haydon will be hostess for the Five Hundred club, Monday afternoon at her home in North Main street.

Miss Dorothy Sparks and Miss Dorothy Muno will attend the Kappa Alpha Theta house party at Indiana university at Bloomington next week.

Mrs. J. M. Amos is entertaining tonight with a dinner party in honor of the wedding anniversary of Mr. and Mrs. G. D. Nichols, at their country home south of the city.

About thirty guests of Mr. and Mrs. James Smith delightedly surprised them last evening at their home in Falmouth, the occasion be-

ing Mr. Smith's birthday. A delicious pitch-in supper was served to the guests and the remainder of the evening was spent socially.

The Ladies Aid Society of the Methodist Episcopal church will meet Tuesday afternoon at the home of Mrs. Anna B. Cox on North Morgan street. Mrs. Cox will be assisted by Mrs. John Blackledge and Mrs. Belle Cosand.

Mrs. A. L. Gary and Mrs. Guy Mulbarger delightfully entertained a number of their friends with a Bridge party yesterday afternoon at the home of the former in North Harrison street. The guests grouped themselves around the nine card tables and enjoyed the afternoon playing Bridge. The hostesses served a dainty luncheon at the close of the afternoon.

In the evening the hostesses gave a dinner party for about fourteen of their friends, after which the evening was spent playing cards.

A new club was organized yesterday afternoon at the home of Mrs. Matilda Worth, which will be called the W. R. C. circle. The following officers were elected: president, Zelma Morgan; vice-president, Ella Higgs; treasurer, Linda Walkendorf; secretary, Pearl Dye, and chairman of the flower committee, Elsie Short. The hostess, assisted by Mrs. Cornelia Lyons and Mrs. Laura Wolverton, served dainty refreshments at the close of the afternoon. The next meeting will be Thursday afternoon, March 20 with Mrs. Sarah Craig at her home in North Harrison street. Plans for the year were discussed. She will be assisted by Mrs. Edna Dagler and Mrs. Walkendorf.

#### ENDORSEMENT OF LEAGUE IS FAILURE

Continued from Page One  
of the party platform and administration bills were halted. Considerable nervousness was manifest in many quarters today when it was made known that, as usual, large number of bills would die after

having been passed by one branch of the legislature.

Early organization of the two houses is given as the cause for the major portion of the administration bills receiving action before the final hour of the session, as was also considerable gratitude expressed to minority members for not attempting to interfere with the program to push through some strictly republican issues, when it might have been possible to form a strong opposition and perhaps have prevented the passage of several of the platform measures.

Among these was the welfare commission bill which was earlier in the session, threatened seriously when a senate committee of which Senator Ratts is chairman, held a committee report recommending indefinite postponement of the bill. Had this action been taken it would have been impossible to again consider the measure at this session of the general assembly. The session will close Monday night—technically at midnight, according to the house and senate clocks which according to custom fail to function after eleven p. m. on the final night of the session.

#### NOT TO AFFECT WORK OF THE COMMISSION

Severance of Negotiations Between German and Economic Bodies is Not Serious.

#### FORECAST OF FRENCH PAPER

(By United Press.)  
Berne, Mar. 8.—Severance of negotiations between the German and allied economic commissions after refusal by Germans to surrender her fleet, will not affect the work of the armistice commission which is continuing the conference, it was announced in a dispatch from Berlin today.

Paris, Mar. 8.—A French paper predicted today that the first plen-

ary conference with the German delegates will be held in Versailles before the end of this month. The general conference will take up the ratification of the preliminary peace (March 15), the newspaper forecast, and the German plenipotentiaries will be called in for a conference about March 10.

Steamships Chicago and Plattsburg Dock Today With More Than 3,000 Troops Aboard.

#### SOLDIERS WIVES RETURNING

(By United Press.)  
New York, Mar. 8.—With 46 officers and 1,000 men of the 348th infantry, of the 87th division (national army), Arkansas, Louisiana, Mississippi) the steamship Chicago arrived here today from Bordeaux. These troops comprise the 348th's field and staff, headquarters of 1st and 3d battalions, headquarters and supply companies, sanitary detachment of Companies A, B, C, D, E, F, and I. They are assigned to Camp Dix. Also aboard were 13 casual officers.

The steamship Plattsburg arrived from Brest with 2,175 troops, 25 wives of soldiers, 20 wives of sailors and 150 naval officers and men. The sick and wounded numbered 543, a majority of them being convalescents. The units included the following:

Three officers and 145 men of the 5th machine gun battalion of the 1st division (regular army), for Camps

#### Stopped Cough After Influenza

"I want to say that Foley's Honey and Tar is the best cough medicine I ever tried," writes E. B. McDowell, R. F. D. 1, Box 119, Arlington, Tenn. "My son had influenza. He had the worst kind of a cough and I tried everything, but nothing did any good. God sent me a friend with Foley's Honey and Tar, and his cough was better the next day and in two days he had no cough at all." Foley's Honey and Tar stops harsh, racking coughs; eases wheezy breathing. It is effective, yet pleasant to take. F. B. Johnson.—Adv. 3

### LAND EXPECTED TO AVERAGE NEAR \$125

Continued from Page One  
come up and the last thing to go down.

The assessors are meeting much opposition from taxpayers because of the increased valuation placed on personal property. Earl Priest, county assessor, and Dan Spivey, deputy Rushville township assessor, have been investigating in surrounding counties and have found that in only one instance is the personal property schedule lower than in Rush.

Henry and Shelby county assessors, they say, are listing almost every item, especially live stock, hay, seed and grain, with the exception of corn, higher than the figures agreed upon by the Rush county assessors. Fayette and Hancock counties are in about the same class as Rush but Decatur county's schedule is lower, by reason of the determination of the county assessor, it is stated, not to follow the state board's instructions.

The new tax bill, if it becomes a law, will make possible a more uniform assessment of all classes of property because the state tax board if its rulings are not followed, is given the authority to relieve an assessor of his position, not before, however, the assessor is given a hearing in the circuit court.

It is declared to be the intentions of the assessors in Rush county approximately to double the valuation on household goods. In the past they have not been taken at what is estimated at more than half their cash value. Many taxpayers are objecting to this, assessors say, not being able to understand that with the higher valuation, the tax rate will be lowered a corresponding sum so that taxes will not be any higher. No attempt will be made to raise any more revenue than has been raised in past years.

Assessors are listing dogs as they call on taxpayers, but are not collecting the tax as is the custom because of the bill in the legislature

to increase dog taxes. The house has passed a bill providing the tax on each male or spayed female shall be \$3 a year, and on each female \$5. The second dog, either male or female, shall be \$5. The senate has incorporated a similar amendment in the state tax bill, so that it is likely to become a law.

"R" is the most difficult letter for an intoxicated person to pronounce.

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-Feren.

World's Greatest Health Builder

Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this locality are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves as healthy, so attractive and so self-confident that they would compel the admiration of all their friends. The vital health-building elements that are lacking in these women are all supplied in Bio-Feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-Feren right away.

It costs but little and you can get an original package at any drugstore anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-Feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-Feren. It is printed in every package. It is Bio-Feren, Calcium, Magnesium, Phosphate, Iron, Potassium, Manganese, Sodium, Zinc, Boron, Vanadium, Selenium, Strontium, Iodine, Cobalt, Molybdenum, Nickel, and Silicon.

A 25 Cent Box Did More Good Than Two Doctors  
This man's stomach was so bad he consulted two doctors as to what was necessary. They could not agree, so he followed a friend's advice and took Pepsinco.

The very first day he noticed an improvement. After a few days his food stopped hurting him. In a week's time he was feeling good. He took Pepsinco until he could sit down and eat what he wanted without distress.

Druggists sell lots of Pepsinco because it really does help the stomach. Ask your druggist for a small trial package and cure your stomach trouble.

## Hear the Great Masters on the Cheney

THE Cheney is the "open sesame" to the enchanted realm of music.

Every theme and thought of the great masters of music finds in the Cheney a perfect medium of expression.

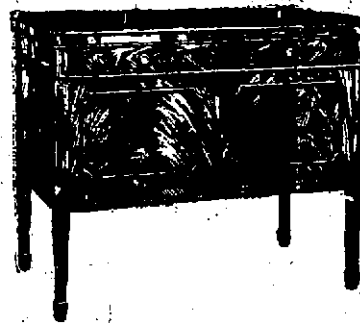

You hear Paderewski, the greatest living master of the piano, and you realize that the real Paderewski is at the keyboard.

So it is with all that brilliant company of musical artists, assembled in your very presence through the magic of the Cheney. Its renditions are vivid, vital, real.

## The CHENEY PHONOGRAPH

Inventive genius has added more wonderful features to the Cheney than are found in any other phonograph. Chief among these is the Cheney Tonal System—an entirely new principle of sound reproduction, covered by new basic patents.

Cheney "console" or Art Models are exceptionally fine examples of cabinet artistry.

The various period designs are available in Biltmore Mahogany and Newby Walnut.
